

Luke Fisher

luke.c.fisher@proton.me | (734) 740-8995 | Ann Arbor, MI | Portfolio

PROFESSIONAL SUMMARY

Detail-oriented Economics graduate with hands-on experience in data analysis, reporting, and predictive modeling (R, Excel). Background combines quantitative coursework in econometrics and data analytics with direct CVS Health experience translating raw data into cost-saving and process-improvement recommendations. Comfortable coordinating across teams to deliver accurate, deadline-driven reporting.

EDUCATION

Michigan State University East Lansing, MI
B.A., Economics

- GPA: 3.6; Magna Cum Laude; Dean's List
- Relevant Coursework: Social Science Data Analytics, Advanced Econometrics, Computational Modeling
- Study Abroad: Economics of Healthcare and Taxes in London, England

RELEVANT PROJECTS

Diabetes Classification (R, xgboost) Jan. 2025 – Apr. 2025

- Built and compared two predictive models (logistic regression and gradient boosting) in R to classify diabetes risk from health data
- Tuned model cutoffs to balance Accuracy, Sensitivity, and Specificity; developed visual output to communicate model performance
- Evaluated and reported classification metrics to identify the best-performing model, mirroring the type of analytical reporting used to support data-driven business decisions
- Key Result: Logistic and gradient boost models achieved 74% and 75% prediction accuracy, respectively

WORK EXPERIENCE

CVS Health May 2023 – Aug. 2023
Enterprise Procurement Intern Woonsocket, RI

- Analyzed and interpreted procurement data using Excel and Google Sheets to identify cost-optimization opportunities and improve reporting processes
- Built pricing and sourcing comparisons to develop cost-saving strategies, coordinating with internal stakeholders to validate findings and meet deadlines
- Key Result: Identified \$100+ in savings for the procurement department through data-driven sourcing recommendations

MSU Greenline Sep. 2022 – Dec. 2022
Alumni Relations Student Ambassador East Lansing, MI

- Delivered 150+ consultations to alumni donors, translating program and financial information clearly for a non-technical audience
- Built and maintained relationships with stakeholders under recurring deadlines and reporting targets
- Key Result: Contributed to alumni donations of at least \$100 per week through consistent, deadline-driven outreach

Cat Tours Jun. 2024 – Aug. 2024
Tour Guide Barcelona, Spain

- Led 15+ historical tours, adapting content on the fly based on group interests and real-time circumstances
- Strengthened cross-cultural communication skills through daily coordination with international visitors
- Key Result: Earned 5+ five-star reviews on Guru Walk

SKILLS & INTERESTS

- Data & Reporting: SQL, R, Excel, Google Sheets, Git
- Relevant Knowledge: Statistical modeling, econometrics, data visualization, financial/cost analysis
- Interests: Weightlifting, Grilling, Hiking, Classic Literature & Philosophy
